Bob Harris For State Treasurer

Democracy thrives on free and open debate on matters of great public interest. The cornerstone of constitutional government as we know it is the selection of public officials by the ballots of the people.

Believing in these precepts, and realizing the situation in our state capital today, I feel impelled to offer myself to the people of Florida as a candidate for State Treasurer. The State Treasurer is a cabinet member and sits on fifteen state boards, and one of his duties is Insurance Commissioner.

I enter this race as the only candidate who has previously gone before the electorate. Twice I have faced the voters of Florida's second largest county. Twice they have seen fit to elect me county commissioner by substantial majorities.

I offer myself as the only candidate in this race with substantial administrative experience in a wide range of governmental affairs. Florida is unique in the South with its cabinet form of government. Thus, the cabinet must carry the

burden of real leadership for our state.

The position I seek is by no means limited to regulation of the insurance industry. As a cabinet member, the state treasurer participates in decisions affecting virtually every facet of our daily life. This is a responsibility that demands an energetic, aggressive approach toward solving the problems of a growing state which stands at the crossroads of progress.

March 1 will be the start of the Red Cross Fund Campaign with Fred G. Yount as the 1966 chairman for Palm Beach County. He is currently a member of the Board of Directors and the Executive Committee of the Palm Beach County Red Cross.

He is president of the South Florida Fair and Exposition and has been a member of its board of Directors for the past eight years. He holds a firm conviction that the fair will continue to grow and prosper until it becomes the single outstanding event of the year in Palm Beach County. He has been a resident of Palm Beach County since 1955 when he sold his extensive business interests in Pittsburgh to come to Florida.

His interest in Palm Beach County dates back to the 1920's when he was employed by the Everglades Experiment Station in Belle Glade, as an assistant to Dr. R. V. Allison. Mr. Yount survived the 1928 hurri-

cane and assisted in the evacuation of hundreds of storm victims. He was the first president of the Florida Ramie Growers and Processing Association and later sold his holdings to the Florida Sugar Corporation.

In addition to his activities with

the Fair, Mr. Yount has many interests, one of which is his Fred G. Yount, Inc., in which he conducts a land development business. He is a member of the Resources Development Board of Palm Beach County, having served on several of its committees.

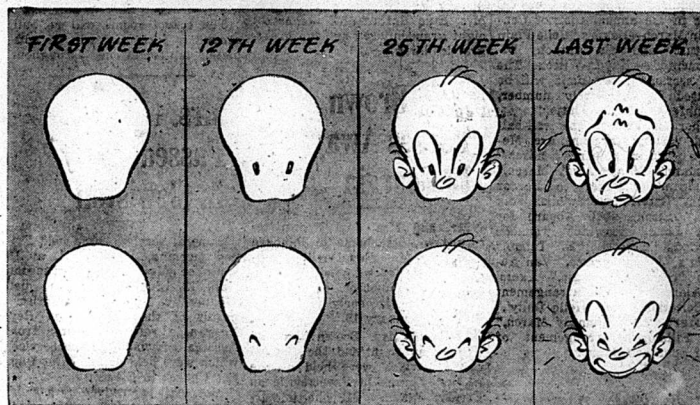

In Florida,
after golf
beer's the one...
for good taste,
good fun

After a hard-played 18 holes, it's good to settle down on a soft chair in the club house and add up the score with friends.

What better time for the drink that scores with almost every golfer—cool, thirst-quenching beer? Yes, beer's great to relax with, great for refreshment, great for taste. So whatever your sport—boating or baseball—swimming or tennis—relax afterwards with the zestful taste of beer.

New $3\frac{3}{4}\%$ interest on U.S. Savings Bonds

The Treasury explains why the new ones you buy and the ones you own now are better than ever

Q: How does the new $3\frac{3}{4}\%$ interest rate benefit me?

A: With Series E Bonds, the rate turns \$18.75 into \$25.00 fourteen months faster than the old rate. Your savings increase faster, because your Bonds mature in just 7 years, 9 months.

With Series H Bonds, the 10-year maturity period stays the same but more interest is paid you each six months. With both E and H Bonds the new rate works out to $2\frac{1}{4}\%$ for the first year and a half; then a guaranteed 4% each year to maturity.

Q: When did the new rate become effective?

A: June 1, 1959.

Q: Does the new rate change the Bonds I bought before June 1, 1959?

A: All older E and H Bonds pay more now—an extra $\frac{1}{4}\%$ from now on, when held to maturity. The increase takes effect in the first full interest period after June 1.

Q: Will the Bonds I own automatically earn their new rate?

A: Yes. You don't need to do a thing—just hold on to your Bonds.

Q: When my E Bonds mature, will they keep on earning interest?

A: Yes. An automatic 10-year extension privilege went into effect along with the new interest rate. This means your E Bonds will automatically keep earning interest after maturity.

Q: With the new interest rate, should I cash in my old Bonds and buy new ones?

A: No. The automatic $1\frac{1}{2}\%$ increase makes it unnecessary—and in almost every case it is to your advantage to retain your present Bonds.

Q: How are series H Bonds different from series E Bonds?

A: The chief difference is this: You buy H Bonds at full face value and the interest is paid by Treasury

check every six months for the life of the Bond. You buy E Bonds at 75% of face value and the interest accumulates to maturity. H Bonds provide income for living expenses, while E Bonds build a nest egg for the future. That's why many retired people hold H Bonds and families saving for, say, a child's education, buy E Bonds.

Q: In what denominations can I buy series E and series H Bonds?

A: E Bonds: \$25 (cost \$18.75), \$50 (cost \$37.50), \$100 (cost \$75.00), \$200 (cost \$150.00), \$500 (cost \$375.00), \$1,000 (cost \$750.00), \$10,000 (cost \$7,500.00).

H Bonds: \$500, \$1,000, \$5,000, and \$10,000. They are priced at face value.

Q: How safe are U.S. Savings Bonds?

A: Savings Bonds are an absolutely riskless way to save. The United States Government guarantees the cash value of your Bonds will not drop; that it can only grow.

Q: What if my Bonds should be lost, stolen or destroyed?

A: You can't lose. Every Bond purchased is recorded by the Treasury. If anything happens to your Bonds they are replaced—free.

Q: Where can I buy Bonds?

A: Buy E Bonds at any bank—it takes only a few minutes. Buy them automatically through the Payroll Savings Plan where you work. This Plan means you can have any amount you name automatically deducted every payday. The Bonds you buy by installment are delivered to you automatically, too. Your bank will take your order for H Bonds.

Q: How do I help strengthen America's peace power when I buy U.S. Savings Bonds?

A: Peace costs money—money for military strength and for science. And money saved by individuals helps keep our economy sound.

YOU SAVE MORE THAN MONEY WITH U. S. SAVINGS BONDS

Hospital Auxiliary In Jan Meet

The Everglades Memorial Hospital Auxiliary, at the January meeting held in the dining room of the hospital Tuesday night with President Grace Maxson presiding, voted to credit pink ladies who work on Saturdays, Sundays and holidays time and a half on the 50 hours of work required annually of active members.

Mrs. Oni Fay Ursry, ways and means chairman, reported the Auxiliary has received \$147.31 to date through its sponsorship of the vending machines in the hospital lobby, and asked for volunteers to help with wheeling the Auxiliary Cart from room to room in the mornings from 9 to 12.

Mrs. Annette McCurdy reported that three bolts of cloth have been made into operating sheets, wrappings and other items by Auxiliary outside workers.

A progress report on the organization of a teenage group of girls, known as Candy Strippers, to assist Auxiliary work was given by Mrs. Helen Jean Boynton. Applications to serve as Candy Strippers are now being filled out by the girls. Mrs. Margaret Wilkinson volunteered to assist in the sponsorship of the Candy Strippers.

Mrs. Barbara Rosenberg announced that a new Pink Lady work schedule for the six-month period starting in March is now being set up, and members who can work at the hospital at any hour—morning, afternoon or evening—on any day during this period are urged to contact her immediately.

Discussed at the meeting was the desirability of the Auxiliary to sponsor some outstanding public event annually as a fund-raising project, and this discussion will be continued at future meetings until some decision is reached.

It was announced a film, entitled "Gift of Time," will be shown at the next meeting, Feb. 22. Refreshments were served by Mrs. Florence Brill, hospital dietitian.

Mrs. Hilda Jensen is planning a series of orientation classes, through which the Pink Ladies will become more familiar with the duties they are expected to perform at the hospital, enabling them to fit easily into the overall hospital work program. The six-hour course will include three two-hour sessions, one session a week for three weeks, with the six hours spent attending the classes to be credited to the 50-hours-a-year work requirement.

It is suggested that these classes be held either on Tuesdays, Wednesdays and Thursdays from 9 to 11 a.m. or from 8 to 10 p.m. Please write your name and address on the form below, encircling the time you prefer to attend these orientation classes, and mail it to Mrs. Marian Hutton, secretary, 2271 Bacom Point Rd.

Why should you buy
U. S. Savings Bonds when there are
so many other good investments?

To help your country is one answer—and a good one.

But Bonds have other advantages that make them worth your consideration.

For instance, they offer you just about the easiest way to save money: either with the Payroll Savings Plan where you just ask your employer to put part of your wages aside toward a Bond or through regular purchase of Bonds at your bank.

Another unique advantage of U. S. Savings Bonds is the way they stick with you. You can get your money any time.

But if you're like most people, you'll hang on to your Savings Bonds for the big things you want in your future.

And, of course, Bonds are a safe investment—as long as there's a United States of America.

Which brings us back to your country again. Bonds help defend freedom at a time when the enemies of freedom are stronger than ever.

Buy Savings Bonds. The banks or savings institutions that sell them don't charge you a penny for the service.

Keep freedom in your future with

Festival Week of the Citrus Showcase will run February 12-19 in Winter Haven at the giant domed new building.

"We naturally welcome the Department of Agriculture and the Florida Fruit and Vegetable Association's cooperation as well as the aid we are receiving from other organizations such as the Florida Citrus Commission, Florida Citrus Mutual and Florida Fresh Citrus Shippers Association," Richard C. Kingham, president of the Showcase stated.

What is billed by its sponsors, the Winter Haven Jaycees, as the "biggest and best parade yet" will signal the opening of the 1966 Festival Week, Saturday, February 12. The 42nd annual Citrus Queen Contest will also be staged as a major attraction of Festival Week.

A message from the Treasury of a free people

How to speak out for freedom today

Free men have never gone in much for silence. Even before the first thirteen States became United States, men were speaking for freedom loud and clear.

Today Americans speak out for freedom many ways—in Congress, in local government, in neighborhood activities. Some speak out for freedom in other languages, in other lands. And millions of Americans speak out for freedom every time they buy U.S. Savings Bonds.

Every Savings Bond you buy is an investment in freedom. While you're saving money for your

own family's future, you're helping Uncle Sam tend to the business of keeping men free today.

Perhaps you don't speak out for freedom in the same tone of voice when you buy a Bond as Patrick Henry did in his famous speech: But you speak every bit as surely. And every bit as proudly.

Why not speak out for freedom now? Buy Bonds at the bank or on the Payroll Savings Plan where you work.

Keep freedom in your future with
U.S. SAVINGS BONDS
